

DIG IN!

GARDEN JOURNAL

Each week, use a copy of this Garden Journal page to write down what is happening in your Grow Kit.

TIP! OBSERVATION IDEAS
Wondering what to look for?

- ① What color are your plants, the stem and the leaves?
- ② How moist is your soil?
- ③ How long does it take for it to dry out?
- ④ Draw a picture of what your Grow Kit looks like each week.
- ⑤ Is there anything else in your Grow Kit? (Insects, weeds, etc.)

HERE IS WHAT YOU CAN RECORD TO TRACK YOUR PLANT GROWTH

DATE RECORDED: _____

Temperature High: _____

Temperature Low: _____

WEATHER CONDITIONS (CIRCLE BELOW OR DESCRIBE):

Sunny Rainy Cloudy Windy Stormy

PLANT DETAILS:

Plant Name (on seed packet)	Height (inches or cm)	Number of Leaves	Flowers (Yes/No, Color?)

OBSERVATIONS

REMINDERS

Set up your watering schedule each week and write it in your Garden Journal.

When seeds are first planted, it's a good idea to water a little bit each day, preferably in the morning, the late afternoon, or both.

Take a photo of your Grow Kit every week and add it to your journal!
